

# New Sunbrella

## *Proven quality*

- 100% acrylic, solution-dyed and rot-proof, with special seawater treatment.

- Applications: hoods, biminis, bimini tops, closures, dodgers, winch covers, mainsail covers.

# New Sunbrella

## Proven quality

### Main features

- ◆ Excellent breathability\*: 35.8l vs. 2.62l for Sunbrella Plus.
- ◆ Since 2006, use of a new, thicker yarn (30/2 = 15km of yarn per 1kg), unique in Europe.
- ◆ Better waterproofing and tensile strength than the competition\*\*.

### Plus:

- ◆ Unrivalled choice of colours: 26 references, including 9 new colours!

### Our recommendations

- ◆ Product particularly suited to hotter countries: outstanding waterproofing and excellent breathability (winch cover, mainsail cover).

\* Data in litres per m<sup>2</sup>/second with pressure of 2 millibars.

\*\* An equivalent product.
